In addition to the requirements of paragraph (b) above, the real property (including fixtures) identified in Part III, Section J, Appendix B is expanded to include the SNL-CA site only, the Contractor's rights and responsibilities at the SNL-CA site extend only to the provisions approved by the Contracting Officer as part of the "one site/two laboratory" strategic tasking.

The Contractor shall include in every subcontract involving the use of nuclear material for which the Contractor has accountability, appropriate terms and conditions for the use of nuclear materials and the responsibilities of the subcontractor regarding control of nuclear materials. DOE recognizes that, with respect to the real property (including fixtures) identified in Part III, Section J, Appendix B, which are used in conjunction with the control of "nuclear materials," the Contractor's sole role is limited to complying with national security and applicable DOE Directives concerning their storage and control.

<u>Contract Period</u>	<u>Total Estimated Cost</u>	<u>Maximum Available Performance Incentive Fee</u>
01Oct14 – 30Sep15	\$ *	\$ *
01Oct15 – 30Sep16	\$ *	\$ *

(a) General

This clause sets forth an overview of NNSA's approach to improving the effectiveness and efficiency of the Nuclear Weapons Complex without compromising Integrated Safety Management (ISM) and Integrated Safeguards and Security Management (ISSM). The principles of ISM and ISSM shall serve as the foundation of the implementing mechanisms at the Laboratory.

(b) Clarifying the Contract Relationship

NNSA will establish the work to be accomplished by the Contractor, set applicable requirements to be met by the Contractor and provide performance direction to the Contractor regarding what NNSA wants in each of its programs. NNSA will issue performance direction to the Contractor only through a warranted Contracting Officer or a designated Contracting Officer's Representative. All other Federal staff and oversight components are therefore precluded from tasking contractor personnel. The Contractor shall utilize its expertise and ingenuity in determining how to perform the work, implement NNSA requirements, and to comply with NNSA performance direction. The Contractor is accountable for assuring safe, secure, effective and efficient operations in accordance with the terms and conditions of this Contract.

(c) Approach to Oversight

NNSA will increase Contractor accountability as a result of implementation of the Contractor's Assurance System to achieve improved Contractor performance in all aspects of the Contract. Parent Organization oversight of the Contractor's implementation of the Assurance System is key to achieving performance improvements. NNSA will assess Contractor progress in improvement of its performance resulting from implementation of the Assurance System. At all times during the term of the Contract, NNSA will continue, preserve and maintain the right to determine the level of NNSA oversight of all Contractor activities under this Contract. NNSA's oversight program will ensure that the Contractor's activities provide adequate protection to the health and safety of workers and the public.

(d) Empowering Contractor Expertise

The Contractor is encouraged to identify and evaluate best commercial standards and best business practices and to continuously pursue improvements in all aspects of Contract performance where cost effective and efficient improvements

can be achieved without compromising ISM and ISSM. The Contractor is also encouraged to use the private-sector expertise of its Parent Organizations to improve Contract performance as appropriate.

(e) Results-Oriented, Streamlined Performance Appraisal

Performance objectives that focus on those areas of greatest strategic value to NNSA, and systems-based measures and targets will be used in a results-oriented, streamlined performance appraisal process.

(f) Reward for Achieving Cost Efficiencies

The Contractor will be rewarded for the achievement of cost efficiencies through investment of cost savings at the Laboratory and through Contractor Directed Research and Development and the opportunity to earn additional Contract term.

H-2 PERFORMANCE DIRECTION

- (a) The Contractor is responsible for the management and operation of the site in accordance with the Terms and Conditions of the Contract, duly issued Work Authorizations (WAs), and written direction and guidance provided by the Contracting Officer and the Contracting Officer's Representative (COR). The Contractor will use its expertise and ingenuity in Contract performance and in making choices among acceptable alternatives to most effectively, efficiently and safely accomplish the work called for by this Contract
- (b) Only the Contracting Officer may issue, modify, and priority rank WAs.
- (c) (1) The Contracting Officer and the NNSA Administrator will appoint, in writing, specific NNSA employees as CORs with the authority to issue Performance Direction to the Contractor. COR functions include technical monitoring, inspection, and other functions of a technical nature not involving a change in the scope, cost, or terms and conditions of the Contract. The COR is authorized to review and approve technical reports, drawings, specifications, and technical information delivered by the Contractor.
- (2) The Contractor must comply with written Performance Directions that are signed by the COR and:
- (i) Redirect the Contract effort, shift work emphasis within a work area or a WA, require pursuit of certain lines of inquiry, further

define or otherwise serve to accomplish the Statement of Work (SOW), or

- (ii) Provide information that assists in the interpretation of drawings, specifications, or technical portions of the work description.
- (3) Performance Direction does not:
 - (i) authorize the Contractor to exceed the funds obligated on the Contract;
 - (ii) authorize any increased cost or delay in delivery in a WA;
 - (iii) entitle the Contractor to an increase in fee; or
 - (iv) change any of the terms or conditions of the Contract.
- (d) The Contractor shall accept only Performance Direction that is provided in writing by a COR and that is within the SOW and a WA.
- (e) (1) The Contractor shall promptly comply with each duly issued Performance Direction unless the Contractor reasonably believes that the Performance Direction violates this clause. If the Contractor believes the Performance Direction violates this clause, the Contractor shall suspend implementation of the Performance Direction and promptly notify the Contracting Officer of its reasons for believing that the Performance Direction violates this clause. Oral notification to the Contracting Officer shall be confirmed in writing within ten days of the oral notification.

(2) The Contracting Officer will determine if the Performance Direction is within the SOW and WA. This determination will be issued in writing and the Contractor shall promptly comply with the Contracting Officer's direction. If it is not within the SOW or WA, the Contracting Officer may issue a change order pursuant to the Contract's Section I Clause entitled "Changes."

Subsequent annual updates shall be submitted to the Contracting Officer no later than May 15th of each year and cover the next five years of the contract period of performance. Performance measures for these planned efforts and expected accomplishments may be included in the Contract's Performance Evaluation Plan.

H-4 CONTRACTOR ASSURANCE SYSTEM

The Contractor shall develop a Contractor Assurance System to improve management and performance. The Contractor Assurance System shall be approved and monitored by the Contractor's Board of Directors. The Contractor shall submit the Contractor Assurance System to the Contracting Officer for review and approval not later than sixty days after the award date of this Contract and, any subsequent changes shall also be submitted for review and approval. Such Contracting Officer approval does not relieve the Contractor and its Board of Directors from accountability for the improvements in overall Laboratory performance expected to result from Contractor Assurance System implementation. The Contractor's Assurance System, at a minimum, shall have the following key attributes:

- (a) Contractor vision, commitment to mission, operational and business excellence, including clearly defined statements of accountability.

- (o) A continuous improvement and effective quality assurance process, including benchmarking of work activities against external standards or high performing businesses is defined.
- (p) A formal process exists for timely and appropriate communications of performance related information [e.g. Lessons Learned and event reporting, to identify, report, analyze, and address operational events and safety issues]. The corrective actions for issues identified in these programs must effectively feed into site issue trending analyses.
- (q) A process for timely and appropriate communication to the Contracting Officer, including electronic access, of all assurance related information.

H-5 NNSA OVERSIGHT

At all times during the term of this Contract, NNSA will continue, preserve and maintain the right to determine the level of NNSA oversight of all Contractor activities under this Contract. In addition to the rights and remedies provided to the Government under other provisions of this Contract, the Contractor shall fully cooperate with NNSA oversight

personnel, NNSA Facility Representatives, and subject matter experts in the performance of their assigned oversight functions, and shall provide complete access to facilities, information, and Contractor personnel. Such reduction in Contract term, if exercised by the Government, does not constitute a termination action pursuant to the Contract's Section I Clause entitled "Termination (Cost Reimbursement) (May 2004) as modified by DEAR 970.4905-1(b)."
- (h) The rights and remedies of the Government specified herein in this Award Term clause are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this Contract. This Award Term clause

The interest on any late total available fee amount earned determination will accrue daily and be compounded in 30-day increments inclusive from the first day after the schedule determination date through the actual date the determination is issued. That is, interest accrued at the end of any 30-day period will be added to the determined amount of fee earned and be subject to interest if not paid in the succeeding 30-day period.
- (d) Performance Incentive Fee not earned during the evaluation period shall not be allocated to future evaluation periods.

 - (ii) The Contractor shall submit to the Contracting Officer for the purpose of reviewing the Contractor's bargaining objectives prior to negotiation of any collective bargaining agreement, extension or revision thereto. During the collective bargaining process, the Contractor shall notify the Contracting Officer before submitting or agreeing to any collective bargaining proposal which could change costs under this Contract or which could involve other items of special interest to the Government. During the collective bargaining process, the Contractor shall obtain the approval of the Contracting Officer in advance before proposing or agreeing to changes in any pension or other benefit plans.
 - (iii) The Contractor shall notify the Contracting Officer in a timely fashion of all labor relations issues and matters of local interest including organizing initiatives, unfair labor practices, work stoppages, picketing, labor arbitrations and settlement agreements, and will discuss economic parameters for negotiations before the start of any labor negotiations.

- (3) The Contractor will furnish reports concerning labor relations and collective bargaining as may be required from time to time by the Contracting Officer.
- (d) Salary and Benefits
- (1) Compensation Packages
 - (i) Transferring Employees (Not including Inactive Vested Transferring Employees)
 - (I) The Contractor shall provide a total compensation package for Transferring Employees (including for Safety Members, as defined in UCRP plan documents, who otherwise qualify as and choose to become Transferring Employees) that is substantially equivalent to that provided by the predecessor contractor as of the last day of the Transition Term of the Contract. The Contracting Officer in his/her sole discretion will determine substantial equivalency by comparing the Contractor's total compensation package with the benefits provided by the predecessor contractor; provided, however, that the Contractor's total compensation package must include UCRP age factors as a basis for determining compensation, substantially equivalent pension and other benefits, must maintain the base salaries of the Transferring Employees, and shall comply with the requirements of paragraph (e), pensions, set forth below.
 - (II) Transferring Employees shall carry over the length of service credit and vacation and sick leave balances accrued under the predecessor contract as of the date of transfer to the Contractor. Paragraph (d) (6) (iv) below does not apply to evaluating the reasonableness of benefits for Transferring Employees. The Contractor shall consider amending benefits for Transferring Employees to be consistent with any changes made by the Board of Regents of the University of California to employee benefits during the term of this Contract.
 - (III) The retiree medical benefit plan for Transferring Employees must include service based eligibility requirements substantially equivalent to existing requirements for retiree medical benefits under the predecessor contract that specify a minimum of 5 years continuous service under a DOE Contract(s) immediately

prior to retirement in order to qualify for retiree medical benefit coverage. DOE Contract means for purposes of this paragraph: (1) a DOE management and operating contract, or (2) any other contract where work had been previously performed under a DOE management and operating contract and the successor Contractor is (a) required to employ all or part of the former Contractor's workforce and sponsors the employee pension and benefit plans; or (b) retains sponsorship of benefit plans that survive performance of the contract work scope. Contracts in this latter category include, but are not limited to, environmental remediation, infrastructure services and other site-specific project completion contracts.

- (ii) New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees.
 - (I) For New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees, the Contractor shall provide a total compensation package that is market-based and that will allow the Laboratory to recruit and retain critical scientific, technical, and engineering skills to develop the next generation of scientific personnel necessary to successfully carry out its mission. In addition, any total compensation package shall comply with the requirements of paragraph (e), pensions, as set forth below. Cost reimbursement of benefit plans will be consistent with the approved "Relative Benefits Value Index (RBVI)" and "Per Capita Employee Benefit Cost Comparison (Cost Comparison)" as described below in paragraphs (d)(6)(i-iv).
 - (II) Inactive Vested Transferring Employees shall carry over length of service credit for calculation of retiree medical benefits, for calculation of the rates of accrual of vacation and sick leave, for calculation of severance pay (subject to paragraph (d)(3) below); and for determination of eligibility to participate in a defined contribution pension plan, and the calculation of benefits under any defined contribution plan, if the Contractor offer such plans. However, Inactive Vested Transferring Employees who retire under UCRP and opt for a lump sum distribution of pension benefits shall not be eligible to receive retiree medical benefits under the Contract based on their years of service with the predecessor contractor. In addition, Inactive Vested Transferring Employees shall carry over

vacation and sick leave balances accrued under the predecessor contract as of the date an employee transfers to employment with the Contractor. When an employee has opted to receive payment or service credit from the predecessor contractor for some or all of the accrued vacation and/or sick leave, only the balances for which the employee did not receive benefit from the predecessor contractor shall carry over to the Contract.

- (iii) The total compensation packages described in subparagraphs (i) and (ii) above are subject to the Contracting Officer's review and approval.

(2) Wages and Salaries

- (i) The Contractor shall develop, implement and maintain formal policies, practices and procedures to be used in the administration of its compensation system including a compensation system self-assessment plan consistent with FAR 31.205-6 as supplemented by DEAR 970.3102-05-6, "Compensation for personal services," as applied to the NNSA-approved standards in the Personnel Appendix. The Contractor's compensation system shall be in accordance with FAR 31.205-6 as supplemented by DEAR 970.3102-05-6, fully documented, consistently applied, and acceptable to the Contracting Officer.
- (ii) The Contractor shall submit the following to the Contracting Officer for approval in writing and in advance:
 - (I) Any additional compensation system self-assessment data requested by the Contracting Officer that may be needed to validate and approve the Contractor's compensation system.
 - (II) Any proposed major compensation program design changes prior to implementation.
 - (III) An Annual Compensation Increase Plan (CIP) 90 days prior to the beginning of each succeeding calendar year.
 - (IV) Individual compensation actions for those senior Contractor employees (e.g. for the Laboratory Director, Deputy Directors (if any), and senior managers who report directly to the Laboratory Director/Deputy Directors), identified by the Contracting Officer, including initial and proposed changes to base salary and payments under Contracting

Officer-approved Executive Incentive Compensation Plan.

(A) For FY 2008, for Key Personnel, the Contracting Officer will approve one time salary increase requests due to recruitment or promotion actions up to 6 percent above the prior incumbent's reimbursed salary as of the date of contract award. No reimbursement above the limits specified will be allowed under the contract for FY 2008. For subsequent years, NNSA policy on contractor executive compensation will apply for Key Personnel

(B) Notwithstanding any other term or condition set forth in the Contract, the reimbursable compensation for each of the Contractor's Key Personnel, shall not exceed (i) \$693,951 benchmark in effect at the time of Contract award (i.e., the Contract's effective date) or (ii) the revised benchmark amount, in any subsequent government fiscal year, as determined by the applicable Determination of Executive Compensation Benchmark Amount Pursuant to Section 39 of the Office of Federal Procurement Policy (OFPP) Act (41 U.S.C. 435), as Amended, as required in FAR Subpart 31.205-6 "Compensation for Personal Services", paragraph (p) "Limitation on allowability of compensation for certain contractor personnel."

(V) Any proposed establishment of an incentive compensation plan (variable pay plan/pay-at-risk).

(iii) NNSA will conduct periodic appraisals of Contractor performance with respect to compensation system implementation. Such appraisals may be conducted by NNSA, by validation of Contractor self assessments of compensation system performance, a third party expert, or any other method directed by the Contracting Officer.

(3) Severance Pay

(i) Severance pay benefits will not be reimbursed under this Contract to an employee if the employee:

(I) Voluntarily separates, resigns or retires from employment,

(II) Is offered employment with a successor/replacement contractor,

- (III) Is offered employment with the parent or an affiliated company of the Contractor, or
 - (IV) Is discharged for cause.
- (ii) For all Transferring Employees and Inactive Vested Transferring Employees, the Contractor shall carry over the length of service credit accrued for eligibility for severance pay under service for the predecessor contractor as of the date of transfer to the Contractor. Service credit does not include any period of prior service at a DOE/NNSA facility for which severance pay has been previously paid.
- (4) Reporting Requirements
- The Contractor shall provide the following reports with respect to salary and benefits reimbursed under this Contract for all employees to the Contracting Officer:
- (i) Annual Contractor Salary-Wage Increase Expenditure Reports to include, at a minimum, breakouts for merit, promotion, variable pay, special adjustments, and structure movements for each pay structure showing actual against approved CIP amounts.

- (5) Allowability of Pension and Other Benefits Costs

Prior to changing any employee benefit, the Contractor shall obtain Contracting Officer approval in writing and in advance of the changes. No presumption of allowability associated with a change will exist unless approved by the Contracting Officer.

- (6) Benefit Evaluations
 - (i) The Contractor shall submit to the Contracting Officer for approval an evaluation of the Contractor total employee benefit program reimbursed under this contract calculated separately for two groups, (1) Transferring Employees and (2) New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees based on two performance measures: a Relative Benefit Value Index (RBVI) due initially 6 weeks after the start of the Transition Term and a Per Capita Employee Benefit Cost Comparison (Cost Comparison) due initially one year after the start of the Basic Term of the Contract. Subsequently, an RBVI must be calculated every two years and the Cost Comparison performed annually. Failure to conduct either the RBVI or Cost Comparison on a timely basis may result in a determination of unallowable costs.
 - (ii) The RBVI shall be an actuarial calculation of the relative value of the benefit programs offered by the Contractor calculated separately for (1) Transferring Employees and (2) New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees and measured against the average value of benefit programs offered by at least 15 comparator companies and/or institutions that the Contractor competes against for recruitment and retention of employees, and that are approved in advance and in writing by the Contracting Officer as a bona fide comparator group. The Contractor shall submit for Contracting Officer approval the RBVI methodology.
 - (iii) The Cost Comparison shall analyze the Contractor's average aggregate employee benefit costs on a per capita basis per full time equivalent for (1) Transferring Employees and (2) New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees. In addition, for New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees the Cost Comparison shall analyze aggregate employee benefit costs

as a percent of the Employee payroll. All costs shall be compared to the findings of a nationally recognized survey approved in advance and in writing by the Contracting Officer.

- (iv) Costs for a market-based Benefits Plan for New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees will be allowable when the Contractor's total benefit RBVI does not exceed the market average total benefit RBVI by more than five percent and the total benefit average per capita cost and percent of payroll do not exceed the market average total benefit per capita cost and percent of payroll by more than five percent.
 - (I) When the total RBVI and/or Cost Comparison exceed the comparator group by more than 5 percent, as required by the Contracting Officer, the Contractor shall submit for approval corrective action plans, including a timeline, to achieve a market average RBVI, average per capita cost and cost as a percent of payroll not to exceed the comparator group by more than 5 percent.
 - (II) When required by the Contracting Officer, the Contractor shall submit an analysis of any specific plan costs that exceed the market average RBVI, average per capita cost and cost as a percent of payroll, and a corrective action plan to achieve conformance with the 5 percent requirement set forth in subparagraph (iv) above.
 - (III) The Contractor shall implement corrective action plans determined to be reimbursable by the Contracting Officer that meet the requirements of subparagraph (iv) above.
- (v) The Contractor shall annually submit a Report of Contractor Expenditures for Employee Supplemental Compensation.
- (7) Service Credit for Parent Organization Members

For new employees hired directly from: (1) University of California, Bechtel, BWXT, and the Washington Group (collectively referred to as "LLNS Parent Companies") or (2) any company partially or fully owned by the University of California (excluding UC LLNL), Bechtel, BWXT, or the Washington Group (collectively referred to as "Affiliates of LLNS Parent Companies") -

- (i) LLNS will credit the continuous or credited service date recognized by the LLNS Parent Companies or the Affiliates of

LLNS Parent Companies from which the employees transfer for vacation accrual, sick leave accrual, eligibility for the TCP2 401K savings plan, service awards, and eligibility for access-only retirement medical plans.

- (ii) In addition to the above, LLNS will credit service for subsidized retiree medical and severance benefits as specified below, for prior work on Department of Energy, National Nuclear Security Administration, and Naval Reactors (collectively referred to as "DOE") Management & Operating (M&O) contracts and facility management contracts. These include current M&O and facility management contracts as well as prior DOE management and operating contracts where a successor contractor was required to employ all or part of the former contractor's workforce and sponsor the existing site employee pension and benefit plans, and DOE was reimbursing the contractor, as a direct cost, for employee pension and benefit plans.

(I) For determining eligibility and earned benefit level for LLNS subsidized retiree medical benefits, reimbursement of post-retirement health benefits is limited to employees who prior to retirement, worked at least the five previous years under DOE or NNSA M&O or facilities management cost reimbursement contracts and only for those periods of prior service when employer-subsidized post-retirement medical benefits were part of the employee's benefits package. Such service will be frozen upon transfer to LLNS.

(II) Service credit for severance pay does not include any period of prior service at a DOE/NNSA facility for which severance pay has been previously paid.

(e) Pension Plans

- (1) The Contractor shall sponsor at least two site-specific separate pension plans that cover site employees, including any pension plan spun off by the predecessor contractor. The pension plans sponsored by the Contractor shall include: "Pension Plan One," which shall cover Transferring Employees (including those Safety Members of UCRP who otherwise qualify as and choose to become Transferring Employees) and not Inactive Vested Transferring Employees, and "Pension Plan Two," which shall cover New Employees, Inactive Vested Transferring Employees, and UCRP Retiring Employees hired by the Contractor.

For Transferring Employees (including those Safety Members of UCRP who otherwise qualify as and choose to become Transferring Employees) and not Inactive Vested Transferring Employees, Pension Plan One shall include UCRP age factors, preserve accrued benefits and recognize service credit earned under the predecessor contractor's retirement plans including the UCRP.
 - (ii) Pension Plan Two. For New Employees, Inactive Vested Transferring Employees and UCRP Retiring Employees hired under this Contract, the Contractor shall provide a pension benefit package that is market-based (as defined in (d)(6)(iv) and competitive for the industry and which will allow the Contractor to recruit and retain the appropriate personnel to assure that LLNL continues to successfully carry out its mission.
 - (I) For Inactive Vested Transferring Employees, and Transferring Employees not vested in UCRP who choose to participate in Pension Plan Two prior to the end of the Transition Term, Pension Plan Two shall recognize service earned under the UCRP for purposes of determining eligibility for benefits and vesting and the level of employer contribution, but shall not otherwise recognize prior service for calculation of benefits under Pension Plan Two. The Transferring Employees not vested in UCRP who choose to participate in Pension Plan Two prior to the end of the Transition Term shall thereafter be subject to the provisions of the Contract which apply to Inactive Vested Transferring Employees.
 - (II) UCRP Retiring Employees hired under this Contract shall not receive credit under Pension Plan Two for service under the predecessor contract.

 - (iii) For any proposed special programs (including, but not limited to, early retirement programs) that augment or potentially augment in any way the benefit of any plan participant, a compelling reason that the proposal should be approved.
- (7) For each pension plan, the Contractor shall provide the Contracting Officer with the following when filed with the IRS or within nine months of the last day of the current pension plan year, whichever occurs first:
 - (i) The actuarial valuation.
 - (ii) Copies of IRS form 5500 with schedules (10 days after filing with the IRS).
 - (iii) Copies of all forms in the 5300 series that document the establishment, amendment, termination, spin-off, or merger of a plan.
- (8) The Contractor shall perform an annual assessment to evaluate the effectiveness of its pension plan investment management. The assessment shall include at a minimum: a review and analysis of pension plan investment objectives; the strategies employed to achieve those objectives; the methods used to monitor execution of those strategies and the

achievement of the investment objectives; and a comparative analysis of the objectives and performance of other comparable pension plans. The Contractor shall also identify its plans, if any, for revising any aspect of its pension plan management based on the results of the review. A copy of the pension plan performance assessment identified in this paragraph shall be provided to the Contracting Officer within 30 days of the completion of the assessment.

- (9) The Contractor shall provide (1) written notice to the Contracting Officer of individuals transferring from non-LLNL operations (including but not limited to operations of parent or affiliated entities of the Contractor) to LLNL operations, and vice-versa, on a quarterly basis, and (2) any additional information as directed by the Contracting Officer.
- (10) Pension Plan Terminations
- (i) The Contractor shall not terminate any pension plan covering any site employee without at least 60 days notice to and the advance written approval of the Contracting Officer prior to the scheduled date of plan termination.
 - (ii) After all liabilities of the plan are satisfied, the Contractor shall return to NNSA an amount equaling the asset reversion from the plan termination and interest as determined pursuant to the Contract's Section I Clause entitled "Interest" that has accrued on that amount because of a delay in the payment to NNSA. The Contracting Officer and the Contractor will agree to a schedule of payments. The Contracting Officer shall determine the method of payment.
 - (iii) The amount of asset reversion and interest is subject to audit consistent with Contracting Officer direction.
- (f) Contract Expiration or Termination with a Follow-on Management and Operating Contract
- If the Contract expires, or is terminated and an award is made to a follow-on management and operating contractor, as a part of the transition to another entity and in accordance with Contracting Officer direction and applicable law the Contractor shall transfer sponsorship of site-specific pension and other benefit plans covering employees at the Laboratory to the follow-on management and operating contractor.
- (g) Contract Expiration or Termination without a Follow-on Management and Operating Contract

If this Contract expires or terminates without a follow-on management and operating contract, notwithstanding any other obligations and requirements concerning expiration or termination under any other clause of this Contract, including but not limited to the Contract's Section I Clause entitled "Termination," the following actions shall occur:

- (i) Post Retirement Benefits
- (1) The Contractor shall become the sponsor and be responsible for management and administration of a retiree medical benefit plan that will provide medical insurance benefits (including dental) substantially equivalent to those provided by the predecessor contractor to individuals who meet eligibility requirements under the plan and who retired from employment at LLNL with the predecessor contractor as of the first day of the Basic Term of the Contract. The Contracting Officer will determine

substantial equivalency by comparing the Contractor's retiree medical benefit plan with the benefits provided by the predecessor contractor.

- (2) The Contractor may change retiree medical benefits after contract execution. Changes shall be based on a comparison and analysis to industry practices. Prior to making any changes to retiree medical benefit plans, the Contractor should obtain Contracting Officer approval in writing and in advance of the changes. No presumption of allowability associated with a change will exist unless approved by the Contracting Officer.
- (3) Unless required by Federal or State law, advance funding of PRBs, other than pensions, is not allowable.

At any time, the Contracting Officer may require the use of specified Government-owned or leased property and facilities for the exclusive use of the Facility's mission by providing a written notice excluding said property from the Contractor's activities under this Clause. Any cost incurred as a result of Contracting Officer decisions identified in this subparagraph shall be borne by the Contractor. Subject to DOE approval as described in this Paragraph, the Contractor is hereby authorized to negotiate terms and conditions between the Contractor and third parties when entering into ACT agreements. The Contractor will have no authority to bind the Government in any way with such terms and conditions. The Government will have no obligation to the Contractor due to such terms and conditions.
- b. The Contractor shall submit an ACT proposal package (Package) to the Contracting Officer for approval prior to beginning work under an ACT Agreement.
 - i. A complete Package will include at a minimum: the identity of the parties to the ACT Agreement; the principal place of performance; any foreign ownership or control of the ACT Agreement parties; a Statement of Work; an estimate of costs incurred under the Contract; an anticipated schedule; identification of key Government equipment and facilities that will be used under the ACT Agreement; a list of expected deliverables; identification of the IP Lead and proposed selection of IP rights, as defined in DOE Class Waiver W(C)-2011-013; a signed certification by the private party(ies) that the Contractor offered the option to use CRADA and WFO alternatives (see Paragraph 7a) sufficiently that the private parties are aware of the relative costs and other differences between the ACT agreement and the CRADA and WFO alternatives; source of funds, including a statement that no Federal funds, including pass-through funds received as a subcontractor or partner, are being utilized to fund the agreement; applicable ES&H and NEPA documentation; a statement of consideration, summarizing the risk and/or consideration offered the private participants in exchange for charging beyond full cost recovery or for other compensation provided by the participants; and when multiple third parties are parties to the ACT Agreement, or otherwise requested by the Contracting Officer, an IP Management Plan that sets forth the proposed disposition of IP rights, and income and royalty sharing, among the parties to an ACT agreement.
 - ii. If the Contractor, Contractor's parent, member, subsidiary, or other entity in which the Contractor, Contractor's parent, member or subsidiary has an equity interest, is a party to the ACT Agreement, the Contractor shall include as necessary a project-specific addendum to the Master OCI Plan in the Package to address special circumstances not fully anticipated in the

prior approved Master OCI Plan (see Paragraph 7).

- iii. If the ACT Agreement includes a foreign entity as a party or the statement of work includes the use of human subjects, animal subjects, classified or sensitive subject matter or describes a work scope involving high risks or hazards including environmental issues, the Contractor shall include additional information as necessary or as requested by the Contracting Officer.
- c. The Contracting Officer shall use reasonable best efforts to review each complete Package submitted by the Contractor under subparagraph b. of this Paragraph within ten (10) business days of receiving the Package and provide the Contractor with approval or non-approval of the Package. The review of the complete Package by the Contracting Officer shall include a determination that the proposed work: (1) is consistent with or complementary to DOE missions and the missions of the Facility; (2) will not adversely impact programs assigned to the Facility; (3) will not place the Facility in direct competition with the domestic private sector; and (4) will not create a detrimental future burden on DOE resources.
- d. Except as conditionally allowed under subparagraph i. below, the Contracting Officer must approve the Package before the Contractor may begin work under the proposed ACT Agreement. If the Contracting Officer rejects the Package then the Contracting Officer must provide said rejection to the Contractor in writing including the reasons for the rejection. Upon receipt of the Contracting Officer's written rejection, the Contractor agrees to not further pursue the work described in the package or incur additional costs under the Contract for the work described in the Package.
 - i. The Contractor may request a preliminary determination that the proposed scope of work is consistent with the Facility mission and the Contracting Officer will use his/her best efforts to provide such a determination within three (3) business days. Upon such a determination from the Contracting Officer the Contractor may begin work under the ACT Agreement at the Contractor's risk pending final approval of the complete Package. The Contractor must submit a complete Package, as identified in subparagraph 4b above, within (10) business days of the preliminary determination. All costs associated with the performance of work under a preliminary determination are the responsibility of the Contractor, as no Federal funds will be used to fund any work conducted under this Clause.
 - ii. If the Contractor, Contractor's parent, member, subsidiary, or other entity in which the Contractor, Contractor's parent, member or subsidiary has an equity interest is a party sponsoring work in connection with the ACT

agreement, work may not commence until approval of the complete Package by the Contracting Officer

5. *Advance Payment for ACT Projects.* The Contractor shall be responsible for providing adequate advance payment for ACT work conducted under this Clause consistent with procedures defined in the Department's Financial Management Handbook. The Contractor shall be solely responsible for collecting payments from third parties for any work conducted under this Clause and such collections shall be independent of providing advance payment. For such payments and for any costs, obligations, or liabilities arising due to the Contractor's work under this Clause, the Contractor is entirely at risk and the Government shall have no risk.
6. *Costs.* All direct costs associated with Contractor's work conducted under this Clause shall be directly charged to separate and identifiable accounts in accordance with the requirements of the Department's Financial Management Handbook. An allocable portion of indirect costs normally applied to equivalent work under this Contract shall also be applied to work conducted under this Clause in accordance with the requirements of the Financial Management Handbook. As required by the Financial Management Handbook, changes to the Handbook will be incorporated into this Clause by a unilateral administrative modification to the contract.
 - a. Work conducted under this Clause shall be excluded from Contract award fee calculations and such fee shall not be allocable to work conducted under this Clause.
 - b. No Federal funds will be used to fund work conducted under this Clause.
7. *Organizational Conflict of Interest.* Contractor shall conduct work under this Clause in a manner that minimizes the appearance of conflicts of interest and avoids or neutralizes actual conflicts of interest with Contractor's functions under this Contract. Accordingly, Contractor shall develop a Master Organizational Conflict of Interest Mitigation Plan (OCI Plan). The Master OCI Plan should address OCI issues that arise as a result of the Contractor taking a financial interest in ACT projects, especially in those cases where the Contractor retains rights in ACT IP. Such Master OCI Plan shall be provided to the Contracting Officer for review and approval as soon as practicable after execution of the Contract modification incorporating this Clause into the Contract. In addition to those elements expressly stated in the Master OCI Plan, the Department may condition any ACT transaction on such other mitigating conditions it determines are appropriate. The Master OCI Plan shall, at a minimum, include elements that address the following:
 - a. *Full Disclosure.* Before work can begin under an ACT transaction, all parties to ACT agreements must sign a DOE-approved certification that they have been fully informed about the availability of WFO agreements and CRADAs in addition to ACT. The certification at a minimum shall briefly describe WFO agreements, CRADAs and ACT, and will include the relative disposition of IP

rights and the costs (including any additional compensation to the Contractor under ACT) under each agreement for the scope of work being proposed for the Laboratory.

- b. *Priority of Work.* The Contractor shall not give work under ACT any special attention or priority over other work at the Laboratory. Work under ACT shall be approved by the Contracting Officer and assigned the same priority relative to other work at the Laboratory that it would normally have if performed under a non-Federal WFO agreement. The Contracting Officer has discretion to determine the agency's priority of work, considering the Contractor's input.
 - c. *Participation by Contractor-related Entity:* Where the Contractor, Contractor's parent, member, subsidiary, or other entity in which the Contractor, Contractor's parent, member or subsidiary has an equity interest, is a party to the ACT Agreement, the Contractor shall include as necessary an addendum to the Master OCI Plan to address special circumstances not fully anticipated in the Master OCI Plan.
 - d. *Right of Inquiry for ACT IP Designation.* DOE Patent Counsel may inquire into Contractor's designation of any invention or data as arising under an ACT transaction. Contractor is responsible for curing any defect identified in such inquiry, and if Contractor cannot adequately justify the designation or cure the defect, then the parties to the ACT agreement may receive modified rights in the IP to the degree necessary to resolve the issues identified by the inquiry.
8. *Intellectual Property.* Disposition of intellectual property (IP) arising from work conducted under this Clause shall be governed by Class Waiver W(C)-2011-013 (ACT Class Waiver) which is incorporated herein by reference.
- a. All Contractor ACT inventions shall be reported to DOE pursuant to the requirements of the Section I clause entitled Patent Rights Management and Operating Contracts, For-Profit Contractor, Advance Class Waiver, Alternate I, of this Contract.
 - b. In reporting ACT inventions, the Contractor shall identify the ACT agreement under which the invention was made and specify the rights reserved by the Government pursuant to the ACT Class Waiver.
 - c. All technical data identified by the ACT client as ACT Protected Information shall also be marked to identify the ACT agreement under which the data was generated.
 - d. The Contractor shall ensure that all rights and obligations concerning ACT IP, including the appropriate IP provisions authorized in the ACT Class Waiver, are clearly provided in ACT agreements, and that all parties granted any rights in

ACT IP are informed of the terms of the waived rights, including the rights reserved by the Government.

- e. Where the Contractor receives ownership or license rights to ACT IP, the Contractor may elect to commercialize the ACT IP consistent with the Technology Transfer Mission clause of this Contract.
- f. As an alternative to subparagraph e., the Contractor may elect to retain private ownership of the ACT IP and commercialize the IP using its private funds, where no costs for patenting, licensing and marketing will be allowable under this Contract. The Contractor will share royalties collected on ACT IP with inventors in accordance with paragraph (h) of the Technology Transfer Mission clause of this Contract.
- g. Where terms and conditions governing Data and Subject Inventions under this Contract are inconsistent with the terms of the ACT Class Waiver, the ACT Class Waiver will control. Except as provided in this paragraph 8, licensing of ACT Subject Inventions the Contractor retains in its private capacity will not be subject to the Technology Transfer Mission clause of this Contract.

9. *Contractor Liability and Indemnification.*

a. General Indemnity.

- i. The Contractor agrees to indemnify and hold harmless the Government, the Department, and persons acting on their behalf from all liability, including costs and expenses incurred, to any person, including the ACT Participants, for injury to or death of persons or other living things or injury to or destruction of property arising out of the performance of an ACT transaction by the Government, the Department, Contractor, or persons acting on their behalf, or arising out of the use of the services performed, materials supplied, or information given hereunder by any person including the Contractor, and not directly resulting from the fault or negligence of the Government, the Department, or persons (other than the Contractor) acting on their behalf.
- ii. Subject to Contracting Officer approval, the General Indemnity set forth in (i) above shall be waived where: (1) ACT Participants are not providing material or equipment to the Contractor to be used in the performance of the Statement of Work under the ACT transaction; and (2) ACT Participants are not sending their employees to the Facility as part of the Statement of Work; and (3) the specific activities performed under the ACT transaction are normally performed at the Facility.
- iii. Notwithstanding the provisions in a (i) and a (ii) above, the Contractor shall indemnify and hold harmless the Government, the Department, and

persons acting on their behalf for loss, damage, or destruction of Government property resulting from the fault or negligence of the Contractor. Such indemnification shall be subject to a liability limit of \$2,000,000 (two million dollars) per year, or such greater liability limit approved by the cognizant DOE/NNSA Program for the Facility. Above the applicable liability limit, Contractor's responsibility to the Government for such loss, damage or destruction shall be as set forth in the "Property" clause of this Contract.

- b. Intellectual Property Indemnity. The Contractor shall indemnify the Government, its agents, and employees against liability, including costs, for infringement of any United States patent, copyright, or other intellectual property arising out of any acts required or directed to be performed under the Statement of Work under an ACT transaction to the extent such acts are not already performed at the Facility. Such indemnity shall not apply to a claimed infringement that is settled without the consent of the Contractor unless required by a court of competent jurisdiction.
- c. Product Liability Indemnity.
 - i. Except for any liability resulting from any negligent acts or omissions of the Government, the Contractor agrees to indemnify the Government for all damages, costs, and expenses, including attorney's fees, arising from personal injury or property damage occurring as a result of the making, using, or selling of a product, process, or service by or on behalf of the ACT Participants or the Contractor, their assignees, or licensees, which was derived from the work performed under ACT transactions. In respect to this clause, neither the Government nor the Contractor shall be considered assignees or licensees as a result of reserved Government rights in ACT IP. The indemnity set forth in this paragraph shall apply only if the Contractor shall have been informed as soon and as completely as practical by the Government of the action alleging such claim and shall have been given an opportunity, to the maximum extent afforded by applicable laws, rules, or regulations, to participate in and control its defense, and the Government shall have provided all reasonably available information and reasonable assistance requested by the Contractor. No settlement for which the Contractor would be responsible shall be made without the Contractor's consent, unless required by final decree of a court of competent jurisdiction.
 - ii. Where Contractor assigns the responsibility for indemnifying the Government under subsection c (i) above to other ACT Participants, DOE agrees to seek such indemnification from the Contractor only to the extent not satisfied after reasonable efforts to obtain indemnification from those other ACT Participants.

- d. Non-institutional claims and liabilities resulting from Contractor's performance of work under an ACT transaction authorized pursuant to this Clause shall not be subject to the Contract clause entitled "Insurance - Litigation and Claims." In no event shall the Contractor be reimbursed under the Contract for non-institutional claims and liabilities (and expenses incidental to such liabilities, including litigation costs, counsel fees, and judgment and settlements) incurred as a result of third party claims related to the Contractor's performance under this clause.
 - e. Contractor shall not include any guarantee or requirement that will obligate the Government to pay or incur any costs or create any liability on behalf of the Government in any ACT agreement or commitment the Contractor executes under authority of this Clause. The Contractor agrees if the Contractor does include such a guarantee or requirement, it will have no effect on the Government, that is, the Contractor will be responsible for any costs or liability due to such a guarantee or requirement.
10. *ACT Records.* All records associated with Contractor's activities conducted under authority of this Clause shall be treated as Contractor-owned records under the provisions of the Access to and Ownership of Records clause of this Contract.
11. *Reports and Abstracts.* The Contractor shall produce the following deliverables for each ACT Agreement:
- a. An initial abstract suitable for public release at the time the ACT transaction is approved by DOE;
 - b. A non-proprietary final report, upon completion or termination of the Agreement, to include a list of subject inventions; and
 - c. Where pursuant to the ACT Class Waiver, the Government reserves the right to use generated data after the particular project expires, computer software in source and executable object code format as defined within the statement of work or elsewhere within the Agreement.
12. *Termination of ACT Authority.* The PILOT Program implemented by this Clause will terminate three years from the date of the Contract modification adding this Clause to the Contract (*June 20, 2012 to June 19, 2015*), unless renewed by the Contracting Officer. The Government may provide the Contractor with written notice to terminate Contractor's authority to conduct work under this Clause at any time. If the Contractor's authority to conduct work under this Clause has expired or been terminated, the Contractor may be permitted, subject to any other provisions of this Clause, to complete any work that was DOE approved work at the time Contractor's authority to conduct work under this Clause was terminated by the Government.

13. *Successor Contractor.*

- a. To minimize the potential for negative Government programmatic impact and to facilitate seamless transition of work to a successor contractor of the Facility, ACT Agreement(s) executed under this Clause and any contractual instruments associated therewith may be novated to the successor contractor with the mutual consent of the Contractor, the successor contractor, and the parties to the affected ACT Agreement(s). If the ACT Agreement(s) cannot be novated, then the Contractor as a private sponsor shall be permitted to enter into a Non-Federal Work for Others agreement with the successor contractor that will enable completion of the statement of work. Such agreements shall be entered into pursuant to DOE WFO policies. DOE shall make good faith efforts to incorporate the terms of the applicable ACT Agreement.
- b. The Contractor may retain private ownership of any individual piece of ACT IP that it obtained during the term of the Contract if the Contractor demonstrates:
 - i. the ACT IP was successfully commercialized or deployed in the commercial marketplace using private funds; or
 - ii. the Contractor expended at least \$20,000 (USD) of private funds for patenting, marketing, licensing, or maturing the ACT IP.
- c. If the Contractor has not satisfied the criteria of Subparagraph b. to this Paragraph, then the Contractor and Contracting Officer, with input from the DOE Patent Counsel providing oversight to the Facility shall, prior to expiration or termination of the Contract, enter into negotiations to determine an equitable distribution of rights in the affected ACT IP. Such negotiations shall consider the equities of the parties with respect to each piece of intellectual property including, at a minimum, the private expenditures made by the Contractor for patenting, marketing, licensing, and maturing the ACT IP up to the date of Contract expiration or termination; which party is best positioned to appropriately commercialize the ACT IP; and any other equities that may apply under the circumstances.

14. *Minimum Reporting Requirements for ACT Activities.* During the ACT PILOT, the Contractor shall maintain records of its activities related to ACT in a manner and to the extent satisfactory to DOE and specifically including, but not limited to the number of ACT agreements, the amount of funds reimbursed to DOE for work under ACT, the number of private sector entities engaged through ACT that had not previously engaged the Laboratory and the number that had not previously engaged any DOE/NNSA laboratory, the amount of funds reimbursed to DOE by newly engaged entities, the number of parties and types of entities engaged in each individual ACT agreement, and the number of invention disclosures, licenses and start-ups arising from ACT. The Contractor shall obtain from each entity engaged in ACT the entity's reason(s) for

selecting ACT for laboratory engagement. Also during the PILOT, the Contractor shall report the above-identified data semiannually to DOE and in such a format which will serve to adequately inform DOE of the Contractor's activities under ACT while protecting any data not subject to disclosure under this Contract. Such records shall be made available in accordance with the clauses of this Contract pertaining to inspection, audit and examination of records.

H-9999 WORK FUNDED UNDER THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (MAR 2009) (Mod M081)

Work performed under this Contract will be funded, in whole or in part, with funds appropriated by the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, (Recovery Act). The Recovery Act's purposes are to stimulate the economy and to create and retain jobs. The Recovery Act gives preference to activities that can be started and completed expeditiously, including a goal of using at least 50 percent of the funds made available by it for activities that can be initiated not later than June 17, 2009.

To comply with the reporting requirements of Section 1512(c) of the Recovery Act and related Guidance, the Contractor shall segregate all costs associated with Recovery Act actions assigned and authorized under this Contract from those costs associated with all other work authorized under the terms of this Contract.

The Recovery Act funds can be used in conjunction with other funding as necessary to complete projects. However, the Contractor must ensure that the project contains the authorized Treasury Accounting Symbol (TAS) approved by the Contracting Officer to ensure linkage between procurement and financial data. The Contractor should issue separate contracts (if subcontracted) for the Recovery Act project tasks to ensure compliance with the tracking and reporting requirements of the Recovery Act and related Guidance. For projects funded by sources other than the Recovery Act, the Contractor should record the TAS and project number and assign separate task codes to ensure that the financial information is not co-mingled and to ensure the records allow a clear and auditable linkage between the projects, procurement and financial data, as prescribed in the Recovery Act.

The Government will develop the implementing instructions of the Recovery Act, particularly concerning the how and where for the new reporting requirements. The Contractor will be provided these details as they become available. The Contractor shall comply with all applicable requirements of the Recovery Act including those Recovery Act requirements contained in a Work Authorization. If the Contractor believes there is any inconsistency between the Recovery Act requirements contained in the Work Authorization and the Contract terms and conditions, the Contractor shall seek guidance from the Contracting Officer. The Contractor shall also advise the Contracting Officer if there are any Contract deliverables or Contract requirements that may need to be updated in order to comply with the Recovery Act.
